Education

Cornell University   May 2023
MPS in Information Science — LOA
B.S. Information Science, Dean's List

Coursework   Human-Computer Interaction, Design+Programming for Web, Networks, Visual Literacy/Design, Design Communication, App Design+Prototyping

Projects

Mouthful Letters   Oct 2023
Passion Project

- Developed a small digital space to collect/share recipes me and my close ones cherish.
- Created necessary design components using creative design tools.
- Ideated and executed web design animation utilizing CSS.

Slowdive Javascript   Sept 2023
Passion Project

- Developed a guide explaining the essential of Javascript without getting into the esoteric.
- Stripped down the topic to optimize learning for the beginner.
- Tailored front end/user experience to align with the essence/presentation of the content.

Cornell. Ph.D. Visit Day   Jan 2023 - May 2023
Project Team | Ithaca, NY

- Facilitated user-centetered design process from start to finish (research, design, code, debugging) to develop a high-fidelity prototype app for prospective Ph.D. students.
- Conducted and structured user resarch to make data-driven design decisions.
- Communicated and implemented techincal/interactive components with a cross functional team using Vue.js, Figma, HTML/CSS, and Git.

Experience

Freelance Graphic Design   July 2023 - Current
Remote

- Ideating and designing social media graphics/advertisements for a variety of collaborators ranging from clothing businesses to local bands.
- Growing and refining an eye for detail along with design communication skills.

Health Access Connect   Jan 2023 - May 2023
Consultant | Ithaca, NY

- Provided solutions in ways to effectively communicate the pressing need for equitable healthcare access in Uganda.
- Practiced methods of research translation and design thinking with cross-functional team to critically analyze ways to resolve the organization's pain points

Information Science Student Association   Aug 2022 - May 2023
Graphics Chair | Ithaca, NY

- Designed graphics utilizing design tools to promote events.
- Conjoined efforts to navigate a 20% increase in member population.
- Participated in organizing events and forming team decisions.
